SUMMARY

I'm a Computer Science student skilled in full-stack web development, mobile app development, machine learning, Linux, and cloud computing. Proficient in JavaScript, Python, and Java, I create dynamic web applications and excel in mobile app development. With a passion for optimizing systems, I specialize in Linux and deploy scalable applications using cloud platforms. Committed to continuous learning, I'm prepared to innovate and excel in the tech industry.

PROJECTS

Phone Book Application

2022 Mahendra Engineering College

Description

- The project was to build a simple phone book application using C Language which can store a certain set of contacts and display according to the preference

Portfolio Website

2023 Mahendra Engineering College

Description

- The project was to create a portfolio page entirely using HTML, CSS, and JavaScript. It showcases career projects and accomplishments in a visually appealing and interactive manner.

Nutritional Meal Planner

2024 Mahendra Engineering College

Description

- The project aimed to develop a web app that generates a personalized meal plan based on the user's BMI value. It incorporates a machine learning model trained on a dataset to deliver accurate recommendations.

Salon Management System

2024 Mahendra Engineering College

Description

- The project was to build a system for managing customer service in a salon. It includes functionalities such as appointment scheduling, sales reporting, invoice printing, and customer service tracking.

Hostel Management System

2024 Mahendra Engineering College

Description

- The project was to build an app that could manage hostel facilities in one place. It includes functionalities such as room allocation, student details, and attendance tracking.

EDUCATION

B.E - Computer Science and Engineering

Mahendra Engineering College, Tamil Nadu

12/2021 – with 8.35 CGPA and 8.65 GPA

Higher Secondary

SBHSS, Vennikulam, Kerala

2019 – 2021- with 90.27% marks (Science)

High School

SBHSS, Vennikulam, Kerala

2017 – 2019- with Full A+ in every subjects

ROLES

Student Ambassador

Red Hat Academy

2022 - 2024

Becoming a Red Hat Academy Student Ambassador means leading the charge for open-source tech on campus. Inspire fellow students, organize events, and drive innovation in IT education.

Vice President

English Literary Club

2022 - 2024

Becoming Vice President of the English Literary Club means spearheading literary passion on campus. Organize events, workshops, and discussions to connect fellow book lovers.

Web Dev Led

Coders Club

2022 - 2024

Being the Web Dev Lead in the Coders Club means leading projects, mentoring members, and organizing workshops.

PATENTS

Reverse Image Searching Technology

Mahendra Engineering College

Mr. Nebu C Thomas/ Dr.M. Kannan/Mr. Karthikeyan K - 2024

Our patent introduces a Python-based image recognition system. Leveraging libraries like OpenCV and TensorFlow, it offers advanced feature extraction and efficient matching. Scalable and user-friendly, this innovation represents a significant step forward in image search technology.

AWARDS

Microsoft Azure Cloud Skill Challenge - Best Performer

RedHat Student Ambassador

Recognized as one of the top 5 ambassadors nationwide, showcasing exceptional dedication and impact in my role.

CATCH 23- Communication

Secured 2nd Prize

Poetry Competition

Secured a 2nd prize in Poetry Competition

CERTIFICATION

Full Stack Web Development

Udemy

Full Stack App Development

Udemy

UiPath Academy Automation Training

Ui-Path

Artificial Intelligence Primer

Certification

Infosys

AWS Academy Cloud Foundation

AWS

Internet of Things

NPTEL

CONFIRMATION OF RESUME DETAILS

I confirm that all the information listed above is accurate to the best of my knowledge.

STRENGTHS

Adaptability

Adaptability is one of my key skills, allowing me to easily adjust to new environments, tasks, and challenges.

Adaptability is one of my key skills, allowing me to easily adjust to new environments, tasks, and challenges.

Time Management

I possess strong time management skills, enabling me to efficiently organize and prioritize tasks to maximize productivity and achieve goals.

Public Speaking

Public speaking is a skill I excel in, allowing me to confidently and effectively communicate ideas to diverse audiences.

Public speaking is a skill I excel in, allowing me to confidently and effectively communicate ideas to diverse audiences.

Leadership

Leadership is my forte, empowering me to guide and inspire teams towards shared goals with clarity, empathy, and strategic vision.

Project Management

I possess strong project management skills, adept at organizing tasks, coordinating resources, and ensuring timely delivery of projects. With a keen eye for detail and effective communication, I excel in overseeing project lifecycles and driving successful outcomes.
